

Fund IRL Coalition Member Guidelines

[Fund IRL](#) is a coalition working to make sure legal settlements or other payouts from social media lawsuits—meant to address harms to youth mental health and safety—are invested in programs and services that help children and youth thrive. That includes after-school and summer programs; mentoring and mental health supports; arts, sports, and outdoor experiences; library programs; service opportunities; and other positive youth development services.

Coalition members support the campaign in different ways, depending on their roles, capacity, and expertise.

Members agree to the following:

- Leverage their networks to engage state decision-makers on Fund IRL priorities.
- Use Fund IRL talking points, tools, and branding when communicating about the coalition's work.
- Help raise awareness by sharing coalition messages, hosting or supporting site visits to youth programs, and connecting campaign leaders with key decision-makers.
- Participate in coalition meetings and share expertise, insights, and resources with the coalition when possible.
- Help shape and endorse shared principles for how settlement funds and legal payouts should be used.
- Allow their organization's name and logo to be listed publicly as a coalition member on the Fund IRL website and other collateral.
- Disclose any potential conflicts of interest if they arise.

Members gain the following:

- A voice in shaping how potential settlement funds and legal payouts could be used at the state and local levels
- Regular updates on litigation, policy opportunities, and coalition efforts
- Access to shared advocacy tools and materials
- Connection to a national network working to secure sustainable funding for youth well-being
